**SIC Description for 3312**

**Description for 3312: Steel Works, Blast Furnaces (Including Coke Ovens), and Rolling Mills**

Division D: Manufacturing

Major Group 33: Primary Metal Industries

Industry Group 331: Steel Works, Blast Furnaces, And Rolling And

**3312 Steel Works, Blast Furnaces (Including Coke Ovens), and Rolling Mills**

Establishments primarily engaged in manufacturing hot metal, pig iron, and silvery pig iron from iron ore and iron and steel scrap; converting pig iron, scrap iron, and scrap steel into steel; and in hot-rolling iron and steel into basic shapes, such as plates, sheets, strips, rods, bars, and tubing. Merchant blast furnaces and by-product or beehive coke ovens are also included in this industry. Establishments primarily engaged in manufacturing ferro and nonferrous additive alloys by electrometallurgical processes are classified in Industry 3313.

- Armor plate, made in steel works or rolling mills
- Axles, rolled or forged: made in steel works or rolling mills
- Bars, iron: made in steel works or rolling mills
- Bars, steel made in steel works or hotrolling mills
- Beehive coke oven products
- Billets, steel
- Blackplate
- Blast furnace products
- Blooms
- Car wheels, rolled
- Chemical recovery coke oven products
- Coal gas, derived from chemical recovery coke ovens
- Coal tar crudes, derived from chemical recovery coke ovens
- Coke, produced in beehive ovens
- Coke, produced in chemical recovery coke ovens
- Distillates, derived from chemical recovery coke ovens
- Fence posts, iron and steel: made in steel works or rolling mills
- Flats, iron and steel: made in steel works or hot-rolling mills
- Forgings, iron and steel made in steel works or rolling mills
- Frogs, iron and steel: made in steel works or rolling mills
- Galvanized hoops, pipes, plates, sheets, and strips iron and steel
- Gun forgings, iron and steel: made in steel works or rolling mills
- Hoops, galvanized iron and steel
- Hoops, iron and steel made in steel works or hot-rolling mills
- Hot-rolled iron and steel products
- Ingots, steel
- Iron sinter, made in steel mills
- Iron, pig

- Nut rods, iron and steel made in steel works or rolling mills
- Pipe, iron and steel made in steel works or rolling mills
- Plates, made in steel works or rolling mills
- Rail joints and fastenings, made in steel works or rolling mills
- Railroad crossings, iron and steel: made in steel works or rolling mills
- Rails, iron and steel
- Rails rerolled or renewed
- Rods iron and steel made in steel works or rolling mills
- Sheet pilings, plain: iron and steel-made in steel works or rolling mills
- Sheets, steel: made in steel works or hot-rolling mills
- Shell slugs, steel-made in steel works or rolling mills
- Skelp, iron and steel
- Slabs, steel
- Spike rods, made in steel works or rolling mills
- Sponge iron
- Stainless steel
- Steel works producing bars, rods, plates, sheets, structural shapes,
- Strips, galvanized iron and steel: made in steel works or rolling mills
- Strips, iron and steel: made in steel works or hot-rolling mills
- Structural shapes, iron and steel
- Tar, derived from chemical recovery coke ovens
- Terneplate
- Ternes, iron and steel: long or short
- Tie plates, iron and steel
- Tin-free steel
- Tinplate
- Tool steel
- Tube rounds
- Tubes, iron and steel: made in steel works or rolling mills
- Tubing, seamless: steel
- Well casings, iron and steel: made in steel works or rolling mills
- Wheels, car and locomotive: iron and steel-mitse
- Wire products, iron and steel: made steel works or rolling mills
- Wrought pipe and tubing, made in steel works or rolling mills

- Barricades, metal
- Book ends, metal
- Boxes for packing and shipping, metal
- Chair frames, metal
- Chests, fire or burglary resistive: metal
- Collapsible tubes for viscous products, metal
- Doors, safe and vault: metal
- Drain plugs, magnetic: metal
- Drill stands, metal
- Ferrules, metal
- Fountains, metal (except drinking)
- Friction material, made from powdered metal
- Furniture parts, metal
- Hoops, metal: other than wire
- Ice cream freezers, household, nonelectric: metal
- Ironing boards, metal
- Ladder assemblies, combination workstand: metal
- Ladders, metal: portable
- Linings, safe and vault: metal
- Locks, safe and vault: metal

- Machine bases, metal
- Magnets, permanent: metallic
- Marine horns, compressed air or steam: metal
- Money chests, metal
- Novelties and specialties, metal: except advertising novelties
- Powder metal products, custom molding
- Reels, cable: metal
- Safe deposit boxes and chests, metal
- Safes, metal
- Shims, metal
- Spray nozzles, aerosol
- Stabilizing bars (cargo), metal
- Strapping, metal
- Tablets, metal
- Target drones for use by ships, metal
- Toilet ware, metal: except silver, nickel, silver, pewter and plated
- Trophies, metal: except silver, nickel, silver, pewter, and plated
- Vaults, except burial vaults: metal
- Wheels, stamped metal, disc type: wheelbarrow, stroller, lawnmower

## **Draft Prospective Purchaser Consent Decree, Cleanup Action Plan, and State Environmental Policy Act (SEPA) Determination of Non-Significance (DNS) Available for Public Review & Comment – Barg French Cleaners, Facility Site ID No. 22254391, 1925 3rd Avenue, Seattle, 98101, King County**

Ecology and the prospective purchaser of the property, 1925 Third LLC, are **proposing a Consent Decree to implement a Cleanup Action Plan** at the former Barg French Cleaners site. Ecology has determined the cleanup outlined in the plan will not have an adverse impact on the environment and has issued a SEPA DNS. The Prospective Purchaser Consent Decree and associated documents are available for public review and comment through January 2, 2004.

The former Barg French Cleaners was a dry cleaning operation and this was the likely source of soil and groundwater contamination from perchloroethylene (PCE), a common dry cleaning solvent. The area of contamination is limited to an area about 40 by 60 feet which is located under the former dry cleaner and bookstore with some contamination under the adjacent parking garage. The depth of contamination is limited to approximately 20 feet below ground surface.

The cleanup proposed in the Cleanup Action Plan includes the following:

- Soil excavation (digging up contaminated soil from within the building interior of the former dry cleaning facility and adjacent bookstore and disposing it off site),
- Air sparging (forcing air through groundwater to strip the contaminant out of the water), and
- Vapor extraction (applying a vacuum to the soil to remove soil vapors and contaminants stripped from groundwater).

The Prospective Purchaser Consent Decree, Cleanup Action Plan, and SEPA Environmental Checklist and DNS are available for review at the following locations:

- WA Department of Ecology, 3190 160th Ave. SE, Bellevue WA 98008, (425) 649-7190 (call for an appointment)
- Seattle Public Library, First Floor-Documents Review, 800 Pike St., Seattle
- Ecology's web site: [www.ecy.wa.gov/programs/tcp/sites/sites\\_information.html](http://www.ecy.wa.gov/programs/tcp/sites/sites_information.html)

The Department of Ecology is an equal opportunity employer.

For more information or to submit written comments, please contact Brian Sato, Site Manager, at the Ecology address above or at (425) 649-7265, e-mail [bsat461@ecv.wa.gov](mailto:bsat461@ecv.wa.gov)

**PUBLIC COMMENT PERIOD: December 4, 2003 – January 2 2004**

---

**PROPOSED DELISTING FROM HAZARDOUS SITES LIST and REMOVAL OF RESTRICTIVE COVENANT** - Former Chevron Bulk Plant, 3000 East Olive, Spokane, WA

The Washington Department of Ecology is proposing to remove the former Chevron Bulk Plant site from the Hazardous Sites List and also remove a restrictive covenant on the property. The site is located at 3000 East Olive Avenue in an industrial section of Spokane, Spokane County, Washington.

The property was used for storing and transferring petroleum product from the early 1900s until November 1985. Investigations at the site have shown petroleum products in soil at levels exceeding what is allowed by the state in order to protect human health and the environment. Approximately 5,600 cubic yards of soil were removed. Sampling done after the soil was removed showed a limited amount of diesel remaining around one monitoring well. Since some of this soil could not be removed without damaging the well, a restrictive covenant was placed on the property. In 2001, changes were made in the laws governing state cleanup standards and the restrictive covenant may now be removed.

**Final Independent Cleanup Reports were submitted to Ecology in February 1997 and November 1999. Based upon review of these reports and supporting documents, Ecology has concluded:**

- The site no longer represents a threat to human health and/or the environment;
- Remedial actions conducted at the site satisfy the intent of MTCA and;
- NO FURTHER ACTION is needed.

Documents may be reviewed at the Department of Ecology, 4601 North Monroe, Spokane, WA. Written comments may be sent to Patti Carter at the Ecology address or e-mail at [paca461@ecv.wa.gov](mailto:paca461@ecv.wa.gov). For more information contact Patti Carter at (509) 329-3522. Para asistencia en español Sr. Antonio Valero (509) 454-7840 or e-mail at [aval461@ecv.wa.gov](mailto:aval461@ecv.wa.gov). If you require this information in an alternative format, please contact Marilyn Summers at (509) 329-3444 (Voice) or TTY at 711 or 1-800-833-6388.

**Public Comment Period: November 24, 2003 - December 29, 2003**

---

**Draft Consent Decree to Settle - Philip Services Corporation/Burlington Environmental, Inc. Liability with the Washington State Department of Ecology, et al.**

The Washington State Department of Ecology invites you to read and comment on a draft Consent Decree. The draft Consent Decree is a legal agreement between Philip Services Corporation (PSC) and its wholly-owned subsidiary, Burlington Environmental, Inc., and the State of Washington to settle PSC's cleanup liability under the Model Toxics Control Act. PSC filed for Chapter 11 Bankruptcy on June 2, 2003. Because of PSC's pending Chapter 11 Bankruptcy, the Consent Decree is proposed for entry in the United States Bankruptcy Court for the Southern District of Texas.

Ecology has been overseeing cleanup at several sites affected by this Consent Decree. This Consent Decree settles PSC's responsibility for these cleanups. Other companies and entities are already involved with these cleanups and their responsibility for cleanup at these sites remains. The sites are:

- Landsburg Mine Site, Sections 24 and 24, T22N, R6E, near Ravensdale, WA
- Pasco Sanitary Landfill, 1901 Dietrich Road, Pasco WA
- Pier 91, 2001 West Garfield Street, Seattle WA

If ten (10) or more persons request a public hearing, Ecology will schedule a hearing to receive comments on this proposed Consent Decree. Please submit your comments or request for a public hearing to Stacie Singleton at:

By letter or email:

Washington State Department of Ecology  
Hazardous Waste & Toxics Reduction  
PO Box 47600  
Olympia, WA 98504-7600  
Tel 360-407-6708 Fax 360-407-6715  
Email: [ssin461@ecy.wa.gov](mailto:ssin461@ecy.wa.gov)

For hand delivery:

Washington State Department of Ecology  
Hazardous Waste & Toxics Reduction  
300 Desmond Drive  
Olympia, WA 98504-7600

Comments may be submitted from November 28, 2003 through December 27, 2003.

The Consent Decree may be reviewed at the following locations:

- WA Department of Ecology, Eastern Regional Office, 4601 N. Monroe, Spokane, WA 99205-1295 509-329-3415
- WA Department of Ecology, Northwest Regional Office, 3190 160th Ave. SE, Bellevue, WA 98008-5452 425-649-7190
- Black Diamond Library, 24301 Roberts Drive, Black Diamond, WA 98010 360-886-1105
- Mid-Columbia Library – Pasco, 1320 W. Hopkins Street, Pasco, WA 99301 509-545-1019
- Seattle Public Library – Central (Business/Government/Languages, 3rd Floor), 800 Pike Street, Seattle, WA 98101 206-386-4636
- Seattle Public Library – Queen Anne, 400 W. Garfield Street, Seattle, WA 98119 206-386-4227
- Seattle Public Library – Magnolia, 2801 34th Ave. W Seattle, WA 98199 206-386-4225
- Department of Ecology Website: <http://www.ecy.wa.gov/programs/hwtr/foia/index.html>

If you want to obtain documents in an alternate form, contact Stacie Singleton at the address above or at 360-407-6708 (voice) or via the Washington Relay Service at 711 or (800) 833-6388 (TTY).

### **Public Comment Period - November 28 – December 27, 2003**

#### **Ecology proposes a consent decree with Foss Waterway Development Authority to clean up metals-contaminated soil and groundwater at the American Plating site, a former electroplating shop.**

The consent decree also resolves the potential liability of Foss Waterway Development Authority as the prospective purchaser, since Foss Waterway Development Authority did not cause the contamination. As part of the consent decree, a draft cleanup action plan describing the site cleanup alternatives has been prepared.

In addition, Ecology is issuing a determination of non-significance (DNS) under the State Environmental Policy Act (SEPA, Chapter 197-11 WAC) for the cleanup proposed in the consent decree. Ecology (as SEPA lead agency) has determined that this proposal will not have a probable adverse impact on the environment.

Ecology will hold a public hearing about this consent decree if 10 or more people request one.

The consent decree, cleanup action plan, and SEPA DNS are available for review at the following locations:

[www.ecy.wa.gov/programs/tcp/sites/sites\\_information.html](http://www.ecy.wa.gov/programs/tcp/sites/sites_information.html) [www.ecy.wa.gov](http://www.ecy.wa.gov)

### Meeting Announcement

#### **MTCA Science Advisory Board**

January 12, 2004

9:00 a.m. - 3:30 p.m.

EPA Building: 1200 6th Ave  
Nisqually & Pend Oreille Room, 15th Floor  
Registration: 14<sup>th</sup> Floor.  
Seattle, WA

#### **Key Agenda Items:**

Area-wide Soil Contamination - Defining Moderate Levels of Lead Contamination in Soil and review range of potential upcoming issues.

This meeting is open to public attendance. For more information contact Dawn Hooper at [dhoo461@ecy.wa.gov](mailto:dhoo461@ecy.wa.gov) or 360-407-7182.

*If you have special accommodation needs or require this document in an alternative format please call Antonio Valero at (509) 454-7840 (voice) or 1-800-833-6388 (TTY only). Para asistencia bilingüe, favor llamar al Antonio Valero, tel: (509) 454-7840.*

**Agreed Order for RI/FS Proposed.** The Washington Department of Ecology and Mr. Bud Owens have agreed to a Model Toxics Control Act Agreed Order to conduct a Remedial Investigation/ Feasibility Study (RI/FS) at the former Comet Trailer Manufacturing Facility located in the 500 block on block east of 1<sup>st</sup> Street, Selah, WA.

Mr. Owens owned and operated the truck manufacturing business from 1984 to 1995.

During that time, waste generated during production was deposited on this and an adjacent property. Currently, Mr. Owens leases the property.

In 1991, Ecology conducted an initial investigation at the site. Sludge and sandblast waste samples were collected at that time. Laboratory analyses of these samples revealed the presence of volatile organics and heavy metals.

In 1992, Ecology conducted a Site Hazard Assessment to determine the relative risk that this site posed to human health and the environment. Ecology determined that the site posed a high risk (i.e. ranked a 1) and it was placed on the Hazardous Sites List.

The Agreed Order requires Mr. Owens to conduct an RI/FS of contaminated media. The Remedial Investigation will determine the nature, extent, and magnitude of site contamination. The Feasibility Study will evaluate site cleanup alternatives. Ecology will oversee the project to ensure that all terms of the Agreed Order are satisfied.

The public comment period presents an opportunity to have your ideas and comments heard by Ecology. To review more detailed site documents than those in the information repositories, contact Ecology's Central Regional Office records center at (509) 454-7658 to schedule an appointment. Please submit your written comments to Krystal Rodriguez, Site Manager, Toxic Cleanup Program, Ecology Central Regional Office, 15 W Yakima Avenue, Suite 200, Yakima, WA 98902, phone: (509) 454-7842 or e-mail [krod461@ecy.wa.gov](mailto:krod461@ecy.wa.gov).

Documents are available for public review at:

Selah Public Library  
115 W Naches Avenue  
Selah, WA 98942

Ecology Central Regional Office  
15 W Yakima Avenue  
Yakima, WA 98902

## VOLUNTARY CLEANUP PROGRAM

*Through its Voluntary Cleanup Program, Ecology provides services to individuals cleaning up contaminated sites. For a fee, Ecology staff will review an independent cleanup report(s) and provide a written decision about the adequacy of the cleanup actions taken and described in the report. Upon a satisfactory review, a site (or just that phase of the cleanup) may receive a "No Further Action" decision from Ecology. The following reviews have been completed and decisions rendered.*

### CHELAN COUNTY

Site Name: Dvorak Living Trust  
Site Address: 1436-1444 N. Wenatchee Avenue, Wenatchee, WA

**SIC Description for 3272**

**Description for 3272: Concrete Products, Except Block and Brick**

Division D: Manufacturing

Major Group 32: Stone, Clay, Glass, And Concrete Products

Industry Group 327: Concrete, Gypsum, And Plaster Products

**3272 Concrete Products, Except Block and Brick**

Establishments primarily engaged in manufacturing concrete products, except block and brick, from a combination of cement and aggregate. Contractors engaged in concrete construction work are classified in Division C, Construction, and establishments primarily engaged in mixing and delivering ready-mixed concrete are classified in Industry 3273.

- Areaways basement window: concrete
- Art marble, concrete
- Ashlar, cast stone
- Bathtubs, concrete
- Battery wells and boxes, concrete
- Building materials, concrete: except block and brick
- Building stone, artificial: concrete
- Burial vaults, concrete and precast terrazzo
- Cast stone, concrete
- Catch basin covers, concrete
- Ceiling squares, concrete
- Chimney caps, concrete
- Church furniture, concrete
- Columns, concrete
- Concrete products, precast: except block and brick
- Concrete, dry mixture
- Conduits, concrete
- Copings, concrete
- Cribbing, concrete
- Crossing slabs, concrete
- Culvert pipe, concrete
- Cylinder pipe, prestressed concrete
- Cylinder pipe, pretensioned concrete
- Door frames, concrete
- Drain tile, concrete
- Fireplaces, concrete
- Floor filler tiles, concrete
- Floor slabs, precast concrete
- Floor tile, precast terrazzo
- Fountains, concrete

- Fountains, wash: precast terrazzo
- Garbage boxes, concrete
- Grave markers, concrete
- Grave vaults, concrete
- Grease traps, concrete
- Housing components, prefabricated: concrete
- Incinerators, concrete
- Irrigation pipe, concrete
- Joists, concrete
- Laundry trays, concrete
- Lintels, concrete
- Manhole covers and frames, concrete
- Mantels, concrete
- Mattresses for river revetment, concrete articulated
- Meter boxes, concrete
- Monuments, concrete
- Panels and sections, prefabricated: concrete
- Paving materials, prefabricated concrete, except blocks
- Pier footings, prefabricated concrete
- Piling, prefabricated concrete
- Pipe, concrete
- Pipe, lined with concrete
- Poles, concrete
- Posts, concrete
- Pressure pipe, reinforced concrete
- Prestressed concrete products
- Roofing tile and slabs, concrete
- Septic tanks, concrete
- Sewer pipe, concrete
- Shower receptors, concrete
- Siding, precast stone
- Sills, concrete
- Silo staves, cast stone
- Silos, prefabricated concrete
- Slabs, crossing: concrete
- Spanish floor tile, concrete
- Squares for walls and ceilings, concrete
- Steps, prefabricated concrete
- Stone, cast concrete
